

**TALES FROM THE COURTROOM:  
CASE STUDIES AND LEGAL ANALYSIS OF  
CONTESTED CHILD SUPPORT COURTROOM DRAMAS (CLE)**

This is not your law school professor's case law update! Come share in the drama of contested litigation involving child support establishments and enforcements from beginning to final appellate decision. Court decisions that impact how we interpret our laws are first based upon real human stories. This multi-media presentation will involve a humorous look at how the background facts of a courtroom case evolve. Legal and judicial experts in the field will then identify and analyze the important legal arguments as presented by both sides, and provide updates as to important case law decisions that affect the world of child support. You will have an opportunity to follow along and offer your own decisions "if you were the judge". Both attorneys and their staff will learn and benefit from this entertaining discussion, and audience participation is strongly encouraged.

**Presenters:** Nicholas Palos  
Support Magistrate  
NY County Family Court  
New York, NY

John "Chuck" Magera  
State Attorney  
South Carolina DSS CSE  
Columbia, SC
