

EASTERN REGIONAL INTERSTATE CHILD SUPPORT ASSOCIATION
INTERGOVERNMENTAL IMPROVEMENT COMMITTEE

December 4, 2015

MINUTES

Attendees: Patrick Quinn, Loretta Everett,, Wendy Lynch, Rob Velcoff, Keith Baker, Lara Fors, Carla Szalewicz

- 1) The committee continued to review the “new look” of the Intergovernmental tools section of the ERICSA website. It is now “grouped” correctly. The recommended articles to be archived are at the bottom of the list. It is understood that there is going to an “archive section” of the website which will include Policy and Legislation Committee material as well. It was decided that the Intergovernmental Committee should review all material currently posted to ascertain what else should be archived. This will be discussed at the January meeting. Carla Szalewicz will work with new vendor in January to see if the “look” can be improved. It was also suggested that the committee should consider an “outline” or Table of Contents to the material.
- 2) Patrick Quinn will draft an “introductory” blurb to the material, which will be reviewed by the Committee.
- 3) The committee is still in search of a good treatise or article outlining the difference between UIFSA 1996 and 2008.
- 4) The updated list of states that accept direct IWO’s on unemployment and workers’ compensation is deferred until Boolie is able to join the meeting. It was suggested that Christine Jennings may help with this (however she is now retired).
- 5) The committee recommends that Barry Brooks’ summary of changes as between UIFSA 2001 and 2008 be placed on the site.
- 6) Rob will update the “Helpful websites related to International Child Support” and send to Carla Szalewicz for replacing the old one on the site.

- 7) System impact analysis resulting from UIFSA 2008 changes will remain on the agenda. Committee will attempt to determine a way to gather this information.
- 8) Next meeting: Friday, January 8, 2016 @ 12:15 pm E.T.

Respectfully submitted,

Patrick W. Quinn, Chair
